

JAYNE PRODUCTS, INC  
MATERIAL SAFETY DATA SHEET

This conforms to  
Title 8 Section  
5 1 9 4

IDENTIFICATION

NAME -- JPX-LF- Low Foam Concentrated Degreaser  
CHEMICAL FAMILY -- Liquid degreaser  
FORMULA MIXED FORMULA  
MANUFACTURER JAYNE PRODUCTS, INC  
DISTRIBUTOR 17904 South Star of India Lane Carson, CA 90746  
Phone: 310 715-3070 Emergency Phone 310 715-3070  
HAZARD SCALE: HEALTH: 1 FIRE: 2 REACTIVITY: 0 SPECIAL: NONE

| <u>INGREDIENTS</u>                     | <u>CAS</u> | <u>TLV</u>       |
|----------------------------------------|------------|------------------|
| Propylene glycol n-propyl ether        | 1569-01-3  | None established |
| Terpenes                               |            | None established |
| Proprietary Blend of Surfactants       |            | None established |
| Polydimethylsiloxane Emulsion (< 0.2%) |            | None established |
| Inerts                                 |            | None established |

Does not contain phosphates or silicates  
All Ingredients are listed under TSCA

PHYSICAL DATA

|                                |                        |
|--------------------------------|------------------------|
| Boiling point                  | 180 F                  |
| Specific Gravity               | .978 at 20 Deg.C       |
| Odor                           | Mild (citrus)          |
| Color                          | Blue/Dark Green        |
| Solubility in water            | 100% Soluble           |
| Ph                             | 7.5 +/- .5             |
| Composite VOC partial pressure | .098 mm Hg at 20 Deg.C |
| Volatiles                      | <90%                   |

HAZARDOUS REACTIVITY

|                 |                                                                                         |
|-----------------|-----------------------------------------------------------------------------------------|
| Instability     | None                                                                                    |
| Decomposition   | Co, CO <sub>2</sub> , acrid fumes                                                       |
| Polymerization  | Will not occur                                                                          |
| Incompatibility | Strong oxidizing agents,<br>Strong alkalis, rubber, some plastics,<br>test prior to use |

FIRE AND EXPLOSION DATA

Flash point: 125 F Method TCC

Flash/Ignition IATA 3.3.5: No flash at 140.9 F and intermittent flash at 165.0 F. No ignition or sustained combustion. Will not sustain combustion in accordance with IATA 3.3.5 testing for combustibility for class #3 substances

### FIRE AND EXPLOSION HAZARDS

Avoid excessive heat and open flame

### EXTINGUISHING DATA

Dry chemical, foam or CO2 If water must be used, use as a spray only.

### HEALTH HAZARD INFORMATION

This product is mild to skin. However, prolonged skin contact may cause mild irritation and induce dermatitis in sensitive individuals. Direct contact to eyes will cause irritation. Corneal damage may occur after prolonged contact. According to information available at this time, this product is not carcinogenic.

### EXPOSURE LIMITS

TLV (ACGIH) None established PEL (OSHA) None established

### SAFETY PRECAUTIONS

Avoid contact with the eyes and skin

### FIRST AID

SKIN CONTACT - Wash skin with water after contact

EYE CONTACT -Flush with water. If irritation persists call a physician

INGESTION -See a physician

INHALATION -Remove to fresh air

### PROTECTION INFORMATION

Personal protective equipment suggested - Impervious gloves and chemical safety goggles. No respiratory equipment required. However, if vapor concentration becomes high, use self contained air mask.

### SPILL RESPONSE

Soak up with absorbent material. Caution: Slippery on floors.

### WASTE DISPOSAL

Incinerate or dispose of in accordance with local and federal laws.

### SHIPPING INFORMATION

No special precautions are required

Lined drums are recommended

## STORAGE CONDITIONS

Keep closures on containers when not in use. Product may expand slightly in storage causing pressure to build in container. Open container carefully if product appears to be under pressure. Utilize PVC bottles for spray applications.

Section 313 (Title III Super fund Amendment and Reauthorization Act):

This product does not contain any chemical subject to the reporting requirements of Section 313 of Title III of the Super fund Amendments and Reauthorization Act of 1986 and 40 CFR Part 372.

The information contained herein is based on the data available to us. It is believed to be correct. Jayne Products Inc. makes no warranty, expressed or implied regarding the accuracy of these data or the results to be obtained from the use thereof. Jayne Products Inc. assumes no responsibility to personal injury or property damage to vendees, users or third parties from the use of the products described herein. Such vendees or users assume all risks associated with the use or the product.
